What we've accomplished in the past week/what we've been researching

- Individual 1 – Continued reading current API documentation as well as worked on design assignment.
- Individual 2 - Communicated with our client on proper requirements and constraints that are project specific. As well as setup our github repository with Buildertrend for when coding begins on the project. As well as streamlined communication through MS teams.
- Individual 3 - Read up on existing documentation regarding project constraints and Buildertrend/Zoom API
- Individual 4 - Clarify requirements and constraints on the project specification (request BuilderTrend to provide these specifications in writing).
- Individual 5 - Worked on lightning talk and discussed requirements further with Buildertrend.
- Individual 6 - Worked on design document as well as lightning talk presentation
- Individual 7 - Developed a proposed design visual diagram, worked on and recorded lightning talk presentation.

What we're planning to do in the coming week

- Individual 1 – Work more with Buildertrend to understand more technologies that will be used in the project.
- Individual 2 - In the coming week, we plan to make the decisions on what our frameworks and technology requirements will be.
- Individual 3 - Further inquire Buildertrend about more specific project requirements
- Individual 4 - Communicate with Buildertrend about framework and tech stack needs and integration processes and requirements.
- Individual 5 - Continue to work on class requirements
- Individual 6 - Continue communication with team and buildertrend and refine design
- Individual 7 -Refine the design visual and plan based on feedback and work on upcoming assignments.
